**20. COMPLIANCE WITH REAL ESTATE SELLER DISCLOSURE LAW**

In Pennsylvania, a Seller is required to satisfy the requirements of the Real Estate Seller Disclosure Law. These requirements are generally described in the notice found on the first page of this document. This law requires the Seller in a residential transfer of real estate to make certain disclosures regarding the property to potential Buyers. The notice is to be provided in a form defined by law and is required before an agreement of sale is signed. The law defines a residential real estate transfer as a sale, exchange, installment sales contract, lease with an option to buy, grant or other transfer of an interest in real property where not less than one (1) and not more than four (4) residential dwelling units are involved. In transactions involving a condominium, homeowners association or cooperative the disclosure is to specifically refer to the Seller's Unit. Disclosures regarding common areas or facilities within such associations are not specifically required in this Disclosure Statement. However, compliance with the requirements that govern the resale of condominium, homeowner association and cooperative interests is required as defined by the Uniform Condominium Act of Pennsylvania, the Uniform Planned Community Act of Pennsylvania and/or the Real Estate Cooperative Act as such Acts may be amended. Exceptions to the Seller Disclosure Law requirements include:

- (a) Transfers that are the result of a court order;
